# Innovation Maker Tables

## Innovation Maker Tables

42x72" Table Shown with  
Butcher Block Parawood Top  
at 36" Work Surface Height and  
Stop Red Powder-Coat Legs  
Model: AI427236HW

The ultimate table for industrial strength and maximum workspace versatility. Precision laser-cut steel framework and large work surfaces make these tables ideal for the most demanding laboratory, mechanical and shop applications. The unique *Vertangular* leg structure gives your space a consistent, aesthetically pleasing signature look even when mixing tables of different heights.

All Steel Frame. Precision Laser Cut and Welded

Optional Hardwood and Phenolic Tops Available

Three Table Heights or Custom Height

Dual-Lock Non-Marring Casters

## Allied Innovation Maker Tables

### Features

- Modern industrial multi-purpose Maker table
- Unique *Vertangular* leg structure
- Choice of high pressure laminate (HPL), hardwood or phenolic tops
- Vinyl edge available in popular colors
- Dual-Lock casters allows table to be fixed or mobile
- Precision laser cut frame system made in USA
- Choice of powder-coat frame colors

### Specifications

**Structural Frame:** 2" square, 14 gauge cold rolled steel with continuous laser cut tube fabrication. 14 gauge top plate for secure fastening of work surface. U-channel cross support of formed 16 gauge steel maintains lateral integrity of the table.

**Table Heights:** 30", 36", 40" or custom.

**Casters:** 3" dual-lock non-marring casters.

**High Pressure Laminate:** 1 $\frac{1}{4}$ " thick 45lb. density particleboard sealed with laminate backer for balanced construction. Long-life HPL surface with form fitting vinyl edge banding.

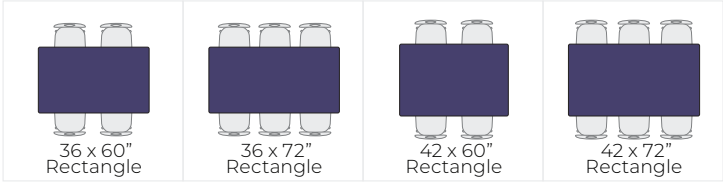

**Optional Hardwood:** 1 $\frac{3}{4}$ " thick butcher block Parawood. Strong, durable and eco-friendly. (Order HW)

**Optional Phenolic:** 3 $\frac{3}{4}$ " thick solid phenolic resin. Superior chemical resistance. 1 $\frac{1}{8}$ " beveled edges. (Order PH)

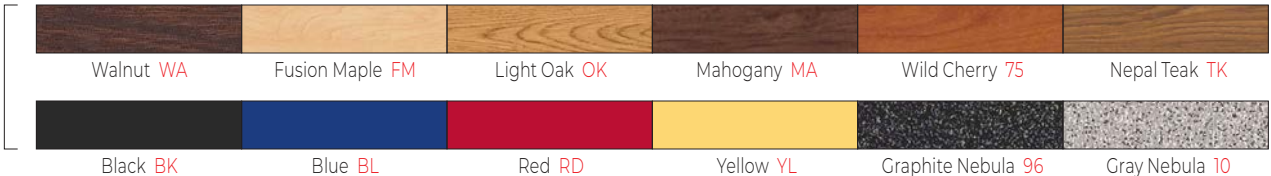

**Frame Colors:** Powder coat finish in Stop Red, Dynamic Blue, Electric Lime, Platinum or custom.
