Innovation Maker Tables

Dry Erase Maker Tables

36x72" Table Shown with White
Dry Erase Top at 36" Work
Surface Height and Dynamic
Blue Powder-Coat Legs
Model: AI367236DE

The ultimate table for industrial strength and maximum versatility. Precision laser-cut steel framework and large work surfaces make these tables ideal for the most demanding laboratory, mechanical and shop applications. Premium high-gloss dry erase tops provide a durable, easy to clean surface that facilitates creative collaboration. The unique *Vertangular* leg structure gives your space a consistent signature look even when mixing tables of different heights.

All Steel Frame. Precision Laser Cut and Welded

Choice of Frame, Edge and Dry Erase Laminate Colors

Three Table Heights or Custom Height

Dual-Lock Non-Marring Casters

Allied Innovation Dry Erase Maker Tables

Features

- Modern industrial multi-purpose Maker table
- Unique *Vertangular* leg structure
- Premium Dry Erase high-gloss laminate surface
- Vinyl edge available in popular colors
- Dual-Lock casters allows table to be fixed or mobile
- Precision laser cut frame system made in USA
- Choice of powder-coat frame colors

Specifications

Structural Frame: 2" square, 14 gauge cold rolled steel with continuous laser cut tube fabrication. 14 gauge top plate for secure fastening of work surface. U-channel cross support of formed 16 gauge steel maintains lateral integrity of the table.

Table Heights: 30, 36, 40" or custom.

Casters: 3" dual-lock non-marring casters.

High Pressure Laminate: 1¼" thick 45lb. density particleboard sealed with laminate backer for balanced construction. Long-life HPL surface with form fitting vinyl edge banding.

Frame Colors: Powder-coat finish in Stop Red, Dynamic Blue, Electric Lime, Platinum or custom.
